

Economics Process Folio - Rubric and Expectations¹

In your portfolio you should have:

1. Syllabus available from <http://www.economics.isdedu.de>
2. Clearly organised notes section (divided into the 5 topics :
 - Introduction
 - Microeconomics (IB syllabus section 1)
 - macroeconomics (IB syllabus section 2)
 - international trade (IB syllabus section 3)
 - development (IB syllabus section 4)
3. Dictionary
4. Assessments
5. IB Coursework: Internal Assessment

An excellent Process Folio has:

1. expert notes that you understand and can use for times assessment
 2. expert dictionary that has examples and diagrams
 3. expert presentation and organization that demonstrates that the Process Folio works to help you to become an expert in the subject
- see the rubric guides below to help you to meet the requirements of the Process Folio

Notes Rubric: developing skills of analysis and evaluation

Result	Indicator
Below Expectations Grade Range: 1-3	There isn't any evidence of the notes being organised into sections. Very limited number of notes taken in class.
Approaching Expectations Grade Range: 2-4	Notes have dividers for each section. Notes taken during class are limited. There is no evidence of notes taken outside of lessons.
Meeting Expectations Grade Range: 4-7	Notes have dividers for each section. Notes taken during class would be useful for revision. There is evidence of notes taken outside of lessons.
Exceeding Expectations Grade Range: 6-7	Notes have dividers for each section. Notes taken during class would be excellent for revision. There is evidence of extensive note taking outside of lessons.

Dictionary Rubric: developing skills of understanding + knowledge

Result	Indicator
Below Expectations Grade Range: 1-3	Very few terms have been defined. There is evidence of direct copying of terms. Limited examples given. Examples are crucial to show understanding in test situations.
Approaching Expectations Grade Range: 2-4	Not all set terms have been defined. Definitions would be limited if used for revision. Examples and diagrams are not original or clearly explained. Examples are crucial to show understanding in test situations.
Meeting Expectations Grade Range: 4-7	All set terms have been defined. Definitions would be useful if used for revision. Examples and diagrams are original, well explained and accurately drawn. Examples are crucial to show understanding in test situations.
Exceeding Expectations Grade Range: 6-7	All set terms have been defined. Definitions would be excellent for revision. Examples and diagrams are original, thoroughly explained and accurately drawn. Examples are crucial to show understanding in test situations.

Organisation and Presentation Rubric

Below Expectations Grade Range: 1-3	Very few terms have been defined. There is evidence of direct copying of terms. Limited examples given.
Approaching Expectations Grade Range: 2-4	Not all set terms have been defined. Definitions would be limited if used for revision. Examples and diagrams are not original or clearly explained.
Meeting Expectations Grade Range: 4-7	All set terms have been defined. Definitions would be useful if used for revision. Examples and diagrams are original, well explained and accurately drawn.
Exceeding Expectations Grade Range: 6-7	All set terms have been defined. Definitions would be excellent for revision. Examples and diagrams are original, thoroughly explained and accurately drawn.

ECONOMICS PROCESS FOLIO

Semester: 1 / 2

NAME:

Grade weighting:

Date:
