HL1: Economics: how to revise?

One hour per week system

HL1:
30%

4 steps – 1 Hour

1. Syllabus: read the syllabus (hard copy) and highlight terms + phrases that are of concern. Remember the examiner is taking terms/segments from the syllabus to build the IBQ. (10 minutes)
2. Use Chartier/Buckley dictionaries on submariner website to understand the highlighted terms from step 1.(10 minutes)
3. Find **3** IBQ that you find challenging and plan each one on a separate A3 page. Use the 'review cycle' below to complete each IBQ. (30 minutes)
4. Use examiner markscheme (and/or teacher) to identify errors/omissions/improvements. Enter these in a different colour on the A3.

5 steps to review

PREPARE ANSWER PLAN:

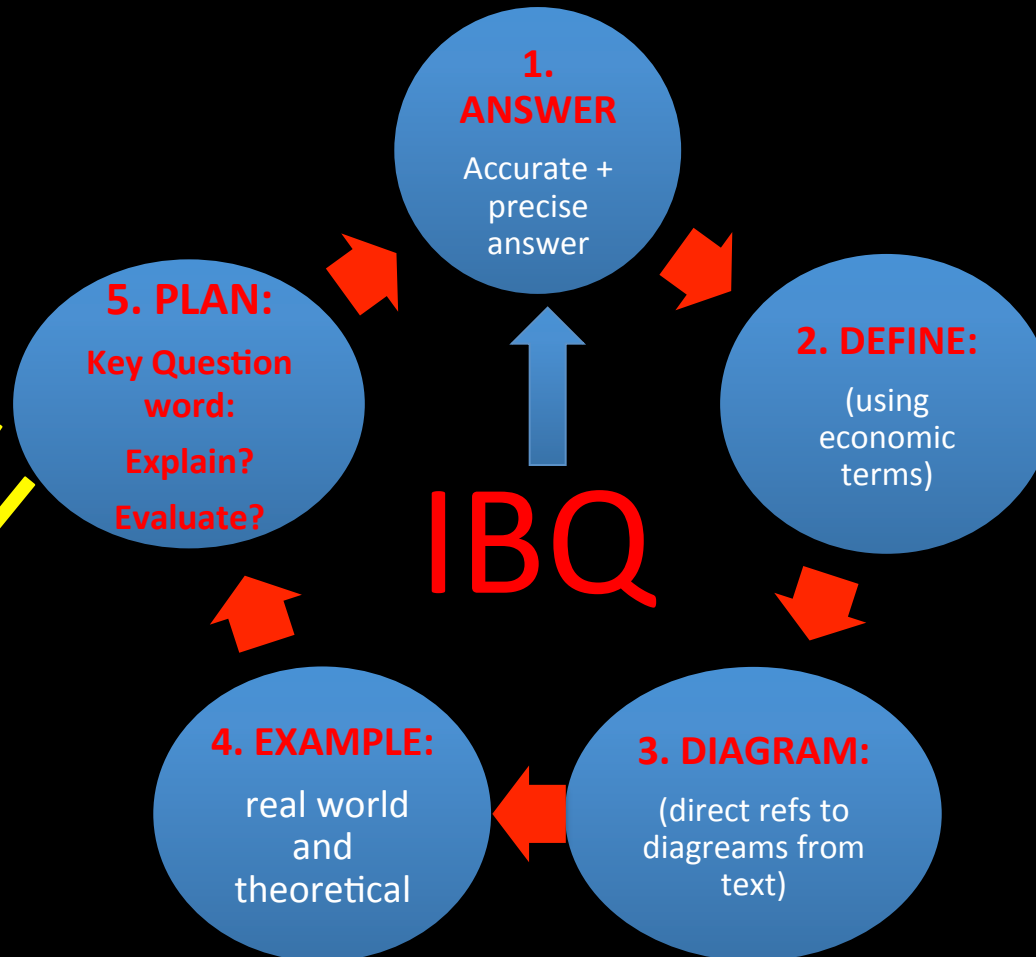

Explain:

Make a brief
answer plan
(bullet points
only)

+

Evaluate:

1. Stakeholders
2. Advantages vs disadvantages
3. Prioritize
(Discuss)
4. Long run vs short run

HL2:

30%

4 steps – 1 Hour

1. Syllabus: read the syllabus (hard copy) and highlight terms + phrases that are of concern. Remember the examiner is taking terms/segments from the syllabus to build the IBQ. (10 minutes)
2. Use Chartier/Buckley dictionaries on submariner website to understand the highlighted terms from step 1.(10 minutes)
3. Find **3** IBQ. You will find only parts of IBQ's that connect with each part of the syllabus so be patient. Try and look out primarily for part (d) questions as these are equal to 40 % of the marks on this paper. Use the 'review cycle' below to complete each IBQ. (30 minutes) For parts (a), (b) and (c) only use the relevant parts of the cycle e.g. (b) and (c) often ask for a diagram and an explanation for 4 marks
4. Use examiner markscheme (and/or teacher) to identify errors/ omissions/improvements. Enter these in a different colour on the A3.

HL3: 20% 4 steps – 1 Hour

- Answer all questions on HP3 in the exam folders over time:
- Review a complete section (e.g. section 1) of the syllabus for 20 minutes. Use the following 4 steps:
 1. Syllabus: read the syllabus (hard copy) and highlight terms + phrases that are of concern and might be questioned in a short answer (4 marks) on HP3. Remember the examiner is taking terms/segments from the syllabus to build the IBQ. Remind yourself which formulas you need for this section of the syllabus (10 minutes).
 2. Use Chartier/Buckley dictionaries on submariner website to understand the highlighted terms from step 1 or use HP3 papers that you have answered. (10 minutes) The complete steps 3 and 4.
 3. Answer a HP 3 on section 1 of the syllabus. Take 30 minutes only.
 4. Grade your answer using the marks scheme. (10 minutes to correct + improve)
